What?s new, 2026

Journey Outcomes deprecation announced 2026-05-18, planned effective 2026-06-29. Outcome-only action maps stop qualifying. getJourneyOutcome branches are skipped. A future Predictive Routing framework is announced for customer-defined outcomes. Shipment was not confirmed here. Web messaging is encouraged over web chat. Do not leave both snippets on the page. Implicit grant: deprecated after 25 May 2026, per the OAuth article. Unverified in a live organization. If a page moved, the page wins.
